## INTRODUCTION

This summary of material was compiled by the Office of Institutional Research and Planning with the assistance and input of various other offices. The purpose of this document is to serve as a ready reference which provides a point-in-time picture of Texas Christian University.

The data included in this document are organized into four major areas: Student Data, Academic Program Data, Faculty and Staff Data, and Resource Data. Data based on the Fall 1986 statistics have been combined and supplemented with historical data in each area. While most summaries are based on Fall statistics, some are based on the Fiscal Year Ended May 31, 1986.

Sources of data are included at the conclusion of each section. Unusual or confusing terms are defined in the foreword of the document. The graphics package has been expanded to include a visual interpretation of most of the data elements.

Because the official census date and the method of calculation have changed, users are urged to exercise caution when comparing trend information. Fluctuations may be due to system changes rather than breaks in trends. Information since 1984 was compiled on the twelfth class day and thus is different from prior years. A further change is the inclusion of Harris College of Nursing in the Corporation totals. Data have been restated so as to be comparable.

Should you have questions or recommendations concerning this document, contact the Office of Institutional Research and Planning, 204 Sadler, Box 32894, X 7793.

## DEFINITIONS

### **Credit Hours -**

**Original** - based on original registration before any hours are dropped and/or added. Not available beginning Fall 1984.

**100% Refund** - based on hours dropped and/or added as of the date of 100% tuition refund.

**Twelfth Class Day** - the twelfth day of class. For Fall 1986, this day was September 10, 1986. Official statistics come from twelfth class day beginning Fall 1984.

**Eligible for Tenure** - Full time faculty members who are in permanent, tenure-track positions on the TCU Budget.

**Fiscal Year** - The fiscal year begins June 1 and ends May 31. Resource data are reported by fiscal year, and fiscal year credit hour reports are based on the spring semester of the year given combined with the fall semester and all summer sessions of the preceding calendar year.

**F.T.E. Formulas** - see next page.

**Full-Time Equivalent** - The number obtained when part-time students, faculty or staff are converted to full-time using a variety of formulas. See next page.

**Instructional Faculty** - Faculty members who devote at least 50% of their time to classroom instruction.

**Maximum Capacity** - The number of available beds on campus. It includes those rooms originally built as doubles designated as triples because of large enough square footage. It does not include doubles assigned temporarily as triples.

**Non-Academic Support Personnel** - Full-time and part-time personnel at TCU who carry job codes in the 1000, 3000, 4000, 5000, 6000 and 7000 series (Administrative, Professional, Technical, Clerical and Service personnel).

**Official Headcount Enrollment** - Student enrollment becomes official on the twelfth class day.

**Optimal Capacity** - The number of beds available when resident assistants do not have roommates and when all rooms originally built as doubles are assigned as double rooms rather than triples.

**Optimal Capacity in Greek Houses** - The maximum capacity in fraternities and sororities is equal to the optimal occupancy.

**Self-Reported Data** - Information students report about themselves. This includes ethnicity, major, place of residence (geographic), religion and sex.

**TCU Corporation** - Consists of the AddRan College of Arts and Sciences, the M.J. Neeley School of Business, the School of Education, the School of Fine Arts, University Programs/Graduate Studies and Harris College of Nursing. The inclusion of Harris College in the TCU Corporation became effective June 1, 1985.

**TCU Sub-Total** - Does not include Harris College of Nursing figures and is comparable with TCU Corporation Totals prior to June 1, 1985.

**Terminal Degree** - Includes all doctoral degrees and some master's degrees where the master's is the terminal degree for a chosen field. An example of this is the M.S.S.W. in Social Work.

**University Total** - Combines total figures for the TCU Corporation and Brite Divinity School.

## F.T.E. FORMULAS

### F.T.E. Student

1. Southern Association - 12 credit hours = 1.00 F.T.E. student.  
Example: 84,288 credit hours  $\div$  12 = 7,024.00 F.T.E.
2. Texas/ICUT - 15 credit hours = 1.00 F.T.E. student.  
Example: 84,288 credit hours  $\div$  15 = 5,619.20 F.T.E.
3. Higher Education General Information Survey (HEGIS) - Undergraduate students carrying 12 or more hours and graduate or Brite students carrying 9 or more hours are considered full-time by HEGIS. Part-time hours are converted as follows: Undergraduate credit hours  $\div$  12, graduate and Brite Divinity School credit hours  $\div$  9. This converted number plus the number of full-time students equals the F.T.E. This information is compiled from a special HEGIS printout.
4. TCU Registrar's Office - Uses HEGIS definition.

### F.T.E. Staff

Part-time staff are converted to a full-time equivalent by dividing the number of hours worked annually by 2,080. For example, a staff member who works 20 hours a week for 52 weeks a year works 1,040 hours  $\div$  2,080 = .50 F.T.E. A staff member who works 40 hours a week for 9 months a year works 1,560 hours  $\div$  2,080 = .75 F.T.E.

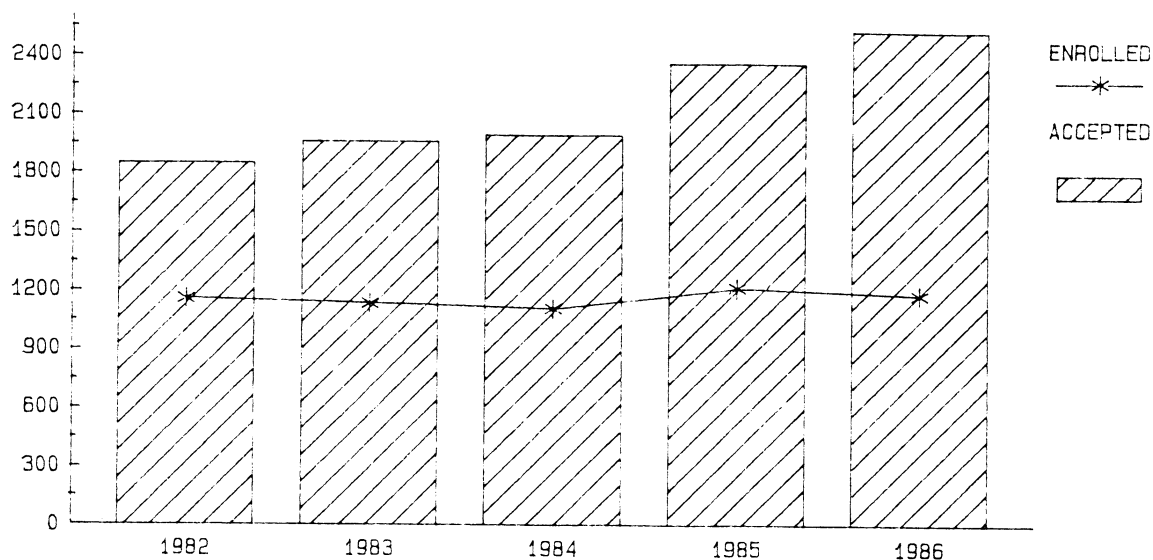

### F.T.E. Faculty

Part-time faculty F.T.E. is computed as follows: 12 hours = 1.00 F.T.E. faculty except in Performance Music (18 clock hours = 1.00) and P.E. (7 hours = 1.00).

## STUDENT DATA HIGHLIGHTS

- The Fall 1986 freshman class consisted of 460 males and 718 females and, while smaller than the 1985 class, met the Admissions office 1986 goal.
- Sixty-three percent of the 1986 freshmen graduated in the first quartile of their high school class. Over 92% were in the top half of their high school class, compared to 86% for the 1985 freshman class.
- The proportion of freshmen choosing a Business major increased during the past five years. Arts and Sciences and Nursing continued to decline as student choices for majors.
- During the ten years from Fall 1977 to Fall 1986, headcount enrollment ranged from a low point in 1978 (5,874) to last fall's high of 6,925. The full-time equivalent has remained 87% of the headcount for the past five years. Full-time students accounted for 77% of total enrollment.
- Females accounted for 55.9% of the TCU student body, compared to 51.1% ten years earlier.
- Over four-fifths of the TCU student body indicated a religious affiliation at registration. Over 50% of the students indicated a preference for the following religions: Roman Catholic, Methodist, Baptist or Christian Disciples.
- The proportion of non-minority students increased slightly, but has remained essentially at 92% for the five-year period 1982-1986. The actual number of minority students has increased as enrollments increased.
- Three-fourths of the student body was under the age of 25. Two-thirds of the students fell into the traditional college-age range (18-22). The percentage of female students over the age of 30 dropped from 16.4% a year earlier to 14.0% for Fall 1986.
- Sixty-eight percent of the 1986 student body indicated Texas as their state of origin. Other states from which more than 100 TCU students came included: California (123), Illinois (186), Kansas (154), Missouri (208) and Oklahoma (135). The 1986 student body revealed a substantial increase in the students from Arkansas, Colorado, Minnesota, Nebraska and Tennessee.
- Fall 1986 housing was at 98% of optimal capacity, the lowest in five years.

\* = combined with other departments as of Fall 1984

# = not an undergraduate major

- NOTES:
1. The Home Economics department was split into three separate departments as of Spring 1986. Two of these departments--Design & Fashion and Family Studies/Home Economics--moved from Natural Sciences to Social Sciences.
  2. Kinesiological Studies was combined with Physical Education as of Summer 1986.
  3. Communication Graphics was Commercial Art prior to Fall 1986.
  4. Undeclared includes pre-majors and non-degree students for each college/school.
  5. The 1985 Major Analysis was based on the college of the major, not the college of the student, and therefore does not correspond with the headcount by college.
  6. Majors for 1984 were based on end of year count rather than Fall count and do not add to the Fall 1984 headcount.

2. Majors for 1984 were based on end of year count rather than Fall count and do not add to the Fall 1984 headcount.
3. Undeclared includes pre-majors and non-degree students for each college/school.
