INSTITUTIONAL RESEARCH

INTRODUCTION

This summary of material was compiled by the Office of Institutional Research and Planning with the assistance and input of various other offices. The purpose of this document is to serve as a ready reference which provides a point-in-time picture of Texas Christian University.

The data included in this document are organized into four major areas: Student Data, Academic Program Data, Faculty and Staff Data, and Resource Data. Data based on the Fall 1987 statistics have been combined and supplemented with historical data in each area. While most summaries are based on Fall statistics, some are based on the Fiscal Year Ended May 31, 1987.

Sources of data are included at the conclusion of each section. Unusual or confusing terms are defined in the foreword of the document. The graphics package has been expanded to include a visual interpretation of most of the data elements.

All data except 1983 were compiled on the twelfth class day and are comparable; however, changes in methods of calculation may have occurred. Footnotes on specific tables call attention to significant differences. Also note the change in name of the School of Fine Arts to the College of Fine Arts and Communication, as well as the inclusion of Journalism in this College.

Should you have questions or recommendations concerning this document, contact the Office of Institutional Research and Planning, 204 Sadler, Box 32894, Ext. 7793.

DEFINITIONS

Credit Hours -

Original - based on original registration before any hours are dropped and/or added. Not available beginning Fall 1984.

100% Refund - based on hours dropped and/or added as of the date of 100% tuition refund.

Twelfth Class Day - the twelfth day of class. For Fall 1987, this day was September 9, 1987. Official statistics come from twelfth class day beginning Fall 1984.

Eligible for Tenure - Full time faculty members who are in permanent, tenure-track positions on the TCU Budget.

Fiscal Year - The fiscal year begins June 1 and ends May 31. Resource data are reported by fiscal year, and fiscal year credit hour reports are based on the spring semester of the year given combined with the fall semester and all summer sessions of the preceding calendar year.

F.T.E. Formulas - See next page.

Full-Time Equivalent - The number obtained when part-time students, faculty or staff are converted to full-time using a variety of formulas. See next page.

Instructional Faculty - Faculty members who devote at least 50% of their time to classroom instruction.

Maximum Capacity - The number of available beds on campus. It includes those rooms originally built as doubles designated as triples because of large enough square footage. It does not include doubles assigned temporarily as triples.

Non-Academic Support Personnel - Full-time and part-time personnel at TCU who carry job codes in the 1000, 3000, 4000, 5000, 6000 and 7000 series (Administrative, Professional, Technical, Clerical and Service personnel).

Official Headcount Enrollment - Student enrollment becomes official on the twelfth class day.

Optimal Capacity - The number of beds available when resident assistants do not have roommates and when all rooms originally built as doubles are assigned as double rooms rather than triples.

Optimal Capacity in Greek Houses - The maximum capacity in fraternities and sororities is equal to the optimal occupancy.

Self-Reported Data - Information students report about themselves. This includes ethnicity, major, place of residence (geographic), religion and sex.

TCU Corporation - Consists of the AddRan College of Arts and Sciences, the M.J. Neeley School of Business, the School of Education, the College of Fine Arts and Communication, University Programs/Graduate Studies and Harris College of Nursing. The inclusion of Harris College in the TCU Corporation became effective June 1, 1985.

Terminal Degree - Includes all doctoral degrees and some master's degrees where the master's is the terminal degree for a chosen field. An example of this is the M.S.S.W. in Social Work.

University Total - Combines total figures for the TCU Corporation and Brite Divinity School.

F.T.E. FORMULAS

F.T.E. Student

1. Southern Association - 12 credit hours = 1.00 F.T.E. student.
   Example: 86,364.5 credit hours ÷ 12 = 7,197.04 F.T.E.

2. Texas/ICUT - 15 credit hours = 1.00 F.T.E. student.
   Example: 86,364.5 credit hours ÷ 15 = 5,757.63 F.T.E.

3. Higher Education General Information Survey (HEGIS) - Undergraduate students carrying 12 or more hours and graduate or Brite students carrying 9 or more hours are considered full-time by HEGIS. Part-time hours are converted as follows: Undergraduate credit hours ÷ 12, graduate and Brite Divinity School credit hours ÷ 9. This converted number plus the number of full-time students equals the F.T.E. This information is compiled from a special HEGIS printout. As of Fall 1986, IPEDS introduced a different formula for calculating the F.T.E. of part-time students.

4. Integrated Postsecondary Education Data System (IPEDS) - Total undergraduate credit hours divided by 15 (full-time load for undergraduate students) plus total graduate hours divided by 9 (full-time load for graduate students). These two numbers added together result in the F.T.E. student count.

F.T.E. Staff

Part-time staff are converted to a full-time equivalent by dividing the number of hours worked annually by 2,080. For example, a staff member who works 20 hours a week for 52 weeks a year works 1,040 hours ÷ 2,080 = .50 F.T.E. A staff member who works 40 hours a week for 9 months a year works 1,560 hours ÷ 2,080 = .75 F.T.E.

F.T.E. Faculty

F.T.E.s for part-time faculty are computed as follows: 12 hours = 1.00 except in Physical Education (7 hours = 1.00) and Performance Music where 18 hours = 1.00 for 1983-1986 and 20 hours = 1.00 for 1987.

STUDENT DATA HIGHLIGHTS

- The Fall 1987 freshman class consisted of 534 males and 721 females. This represented a 16% increase for males and less than a 1% increase for females from Fall 1986.
- Sixty-two percent of the 1987 freshmen graduated in the first quartile of their high school class. Slightly less than 90% were in the top half of their high school class.
- The proportion of freshmen choosing a Business major declined this fall for the first time in five years, while Arts and Sciences increased.
- During the ten years from Fall 1978 to Fall 1987, headcount enrollment ranged from a low of 5,874 in 1978 to a high of 7,105 in 1987. Undergraduate students accounted for 84% of the total enrollment.
- Males accounted for 43.1% of the TCU student body, compared to 46.9% ten years earlier. The percentage of females continued to increase.
- Over 75% of the student body indicated a religious affiliation. Sixty-one percent of the students indicated a preference for the following religions: Roman Catholic, Methodist, Baptist, Christian Disciples, Presbyterian or Episcopalian.
- Total minority student enrollment for Fall 1987 was 7.6%, essentially what it has been for the past five years.
- Three-fourths of the student body was under the age of 25. Over 66% of the headcount fell into the traditional college-age range (18-22). The percentage of females over the age of 30 increased from 14% for Fall 1986 to 16.6%.
- Texas was the state of origin for 69% of the TCU student body, with a substantial increase in students who came from Dallas and Harris (Houston) Counties. Other states from which more than 100 TCU students came included California (120), Illinois (170), Kansas (153), Missouri (209) and Oklahoma (149).
- Fall 1987 housing was at 100.8% of optimal capacity, the highest in five years. Of the total full-time undergraduates 58.9% lived in on-campus housing.

ACADEMIC PROGRAM DATA HIGHLIGHTS

- Credit Hours compiled on the twelfth class day (September 9, 1987) were 86,364.5, an increase of 2.5% from a year earlier.
- Arts and Sciences students took four-fifths of their hours in their own college; Nursing students, 69%; Fine Arts and Communication students, 54%; Education students, 53%; and Business students, 49%.
- Credit Hours generated for fiscal 1987 remained approximately the same as for fiscal 1986.
- Based on the IPEDS method of calculation, the number of bachelor's degrees awarded for 1987 (1,090) remained slightly higher than for 1986, while the internal method indicated an increase of 3%. Masters and doctoral degrees declined based on both calculations.
- The percentage of females graduating with undergraduate degrees in business represented 37% of the bachelor's graduates. Fifteen percent of the bachelor's in Education were awarded to males.
- Minorities accounted for 6.3% of the bachelor's degree graduates and 7.0% of the master's degree. Almost two-thirds of the minority master's degree recipients graduated in Education.
- Design & Fashion, Psychology and Political Science were the most popular undergraduate majors in Arts and Sciences. Elementary education was the most popular education major and Journalism and Radio-TV-Film were the most popular Fine Arts and Communication majors.
- The most popular graduate majors were Business Administration, Divinity and MLA.

NOTE: IPEDS calculates degrees awarded in August, December and May of the given year (August 1986, December 1986 and May 1987), and TCU's institutional classification is based on these totals. This differs from the degrees reported internally which are based on December, May and August of the given year (December 1986, May 1987 and August 1987). The IPEDS method of calculation corresponds with the fiscal year for TCU.

NOTES:
1. The Home Economics department was split into three separate departments as of Spring 1986. Two of these departments--Design & Fashion and Family Studies/Home Economics--moved from Natural Sciences to Social Sciences.
2. Kinesiological Studies was combined with Physical Education as of Summer 1986.
3. Communication Graphics was Commercial Art prior to Fall 1986.
4. Undeclared includes pre-majors and non-degree students for each college/school.
5. The 1985 Major Analysis was based on the college of the major, not the college of the student, and therefore does not correspond with the headcount by college.
6. Majors for 1984 were based on end of year count rather than Fall count and do not add to the Fall 1984 headcount.
7. One student majored in Music Education and was incorrectly reported in Education for Fall 1987. Therefore, the totals for Education and Fine Arts do not match the official headcount by College/School.

RESOURCE DATA HIGHLIGHTS

- Approximately one-half of the funds applied for fiscal 1987 were dedicated to the Academic component, with two-fifths of the funds applied for Instruction. The next largest expenditure was for Student Aid.
- Tuition increased 29% during the past five years while the budget doubled.
- Book value of endowment for Texas Christian University and affiliates was $213.4 million for the fiscal year ended May 31, 1987.
- Gifts at TCU for fiscal 1987 exceeded $14 million based on figures reported by the Development Office.
- Library holdings increased 3.3% with volumes now in excess of 1.2 million.
- Utility expenditures continued to decline. Since fiscal year 1985, total expenses decreased by over a half million dollars.
- Gross square footage at TCU remained constant during the past year, despite renovation and remodeling of assignable square footage.
- Forty-four percent of the assignable square footage on campus was dedicated to the academic components. Housing accounted for the next largest group of 22%.
