# INTRODUCTION

This summary of material was compiled by the Office of Institutional Research with the assistance and input of various other offices. The purpose of this document is to serve as a ready reference which provides a point-in-time picture of Texas Christian University.

The information included in this document is organized into seven major data areas: Student Right-to-Know, Entering Freshman, Student, Academic Program, Faculty and Staff, Financial Resource, and Physical Facilities. Data based on the Fall 1998 statistics have been combined and supplemented with historical data in each area. While most summaries are based on Fall statistics, some are based on the fiscal year ended May 31, 1998.

All data are compiled on the twelfth class day and are comparable from year-to-year; however, changes in methods of calculation may have occurred. Footnotes on specific tables call attention to significant differences.

Should you have questions or recommendations, contact the Office of Institutional Research, 204 Sadler, TCU Box 297020, Ext. 7793.

## F.T.E. FORMULAS

### F.T.E. Student

Total undergraduate credit hours divided by 15 (full-time load for undergraduate students) plus total graduate hours divided by 9 (full-time load for graduate students). These two numbers added together result in the F.T.E. student count. This method has been used since Fall 1986.

### F.T.E. Staff

Part-time staff are converted to a full-time equivalent by dividing the number of hours worked annually by 2,080. For example, a staff member who works 20 hours a week for 52 weeks a year works 1,040 hours divided by 2,080 = 0.500 F.T.E. A staff member who works 40 hours a week for 9 months a year works 1,560 hours divided by 2,080 = 0.750 F.T.E.

### F.T.E. Faculty

F.T.E.'s for part-time faculty are computed as follows: 12 hours = 1.000 except in Physical Education (7 hours = 1.000) and Performance Music where 20 hours = 1.000.

### Full-Time Equivalent Student-to-Faculty Ratio

Credit Hours taken from the Credit Hour Report as of the twelfth class day. F.T.E. faculty taken from the F.T.E. Instructional Faculty Report. F.T.E. Student formula calculated using method described above.
