

2010 Fact Book

Classification & Accreditations	Quick Reference	Entering First-Year Data	Student Data	Academic Program Data	Faculty & Staff Data	Fiscal & Physical Data	Definitions, F.T.E. Formulas
---------------------------------	-----------------	--------------------------	--------------	-----------------------	----------------------	------------------------	------------------------------

The Fact Book is compiled by the Office of Institutional Research with the assistance and input of various other offices. The purpose of the Fact Book is to serve as a ready reference which provides a point-in-time picture of Texas Christian University.

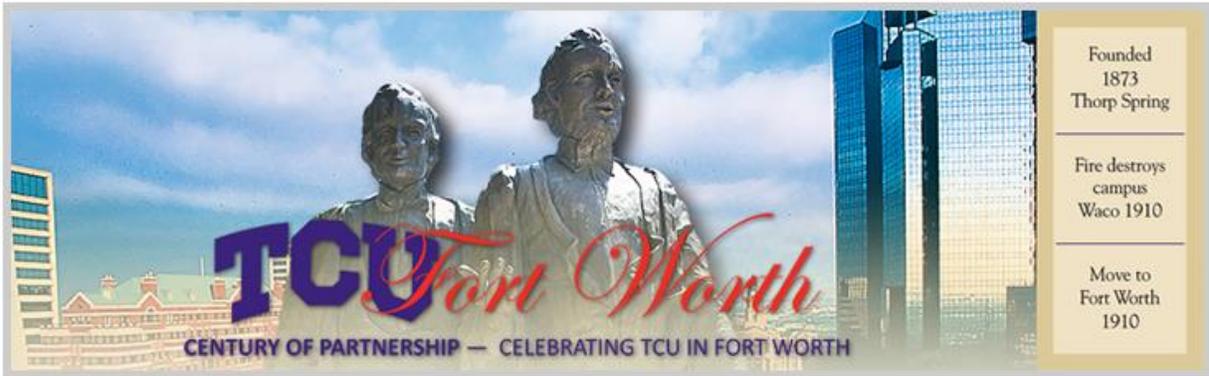

The information included in the Fact Book is organized into six major data areas: Entering First-Year, Students, Academic Programs, Faculty and Staff, Financial Resources, and Physical Facilities. Data based on the Fall 2010 statistics have been combined and supplemented with historical data in each area. While most summaries are based on Fall statistics, some are based on the fiscal year ended May 31, 2010. Student Right-to-Know information, formerly included in the Fact Book, can now be found at www.hea101.tcu.edu.

All data are compiled on the twelfth class day (9/8/2010) and are comparable from year-to-year; however, changes in methods of calculation may have occurred. Footnotes on specific tables call attention to substantive changes.

Should you have questions or recommendations, contact the Office of Institutional Research, Library Suite B-17, TCU Box 297020, Ext. 7793.

TEXAS CHRISTIAN UNIVERSITY

BASIC CARNEGIE CLASSIFICATION

Texas Christian University has a Basic Carnegie Classification of Doctoral/Research University. Institutions in this group are defined as those awarding at least 20 doctoral degrees per year.

For additional, more detailed information on the Carnegie Classification system, please visit the Carnegie Classification website at <http://classifications.carnegiefoundation.org/>.

NOTES:

1. Students admitted during the Summer are included in the Fall headcount.
2. Transfer student headcount includes students who changed status from nondegree to degree-seeking.
3. The yield is based on the number of enrolled first-year or transfer students compared to the number of accepted first-year or transfer students.
4. 2006-2009 applied and accepted numbers were reviewed in Fall 2010 and in some cases restated when prior year data errors were discovered.

Notes: Fall 2009 numbers have been restated to include study abroad students and Intensive English students taking creditable hours at TCU. Effective on June 21, 2007, Brite Divinity School became separately accredited by the Southern Association of Colleges and Schools (SACS) and as a result, Brite became a separate entity from Texas Christian University. Therefore, as of Fall 2007, Brite is no longer included in any of the TCU figures.

*2005 number excludes 14 students admitted following Hurricane Katrina. The full cohort including students admitted after Hurricane Katrina was 1,610. Eleven of those 14 students were transient students who attended TCU for only one semester. Two of the three students who remained at TCU graduated within four years.

**The unrounded first-year retention rate for the 2008 cohort is 85.46%. If the number is rounded to zero decimal points, it should be reported as 85%.

***The unrounded first-year retention rate for the 2009 cohort is 85.502%. If the number is rounded to zero decimal points, it should be reported as 86%

2010 Fact Book: Definitions, F.T.E. Formulas

Classification & Accreditations	Quick Reference	Entering First-Year Data	Student Data	Academic Program Data	Faculty & Staff Data	Fiscal & Physical Data	Definitions, F.T.E. Formulas
<p>Definitions</p> <p>F.T.E. Formulas</p>							

DEFINITIONS

Credit Hours - Twelfth Class Day

The twelfth day of class. For Fall 2010, this day was September 8, 2010.

Eligible for Tenure

Full-time faculty members who are in permanent, tenure-track positions on the TCU Budget.

Fiscal Year

The fiscal year begins June 1 and ends May 31. Resource data are reported by fiscal year.

F.T.E. Formulas - See [F.T.E. Formulas](#).

Full-Time Equivalent

The number obtained when part-time students, faculty, or staff are converted to full time using a variety of formulas. See [F.T.E. Formulas](#).

Instructional Faculty

Faculty members who devote at least 50% of their time to classroom instruction.

Nonacademic Support Personnel

Exempt Staff – These positions are not covered by the minimum wage and overtime requirement of the FLSA act. Exempt staff positions at TCU have job codes in the 10000, 20000, or 30000 series. Previously these positions were referred to as University Staff positions. Faculty positions are considered exempt by FLSA standards, but are identified separately in all institutional data.

Nonexempt Staff – These positions are covered by and subject to the minimum wage and overtime requirements of the FLSA act. Nonexempt positions at TCU have job codes in the 40000, 50000, 60000 and 70000 series. Previously these positions were referred to as General Staff positions.

Official Census Date

The CENSUS DATE is a point-in-time snapshot of the TCU student population. This file is frozen as it existed for longitudinal study purposes. The database at “OFFICIAL CENSUS DATE” has minor inaccuracies that are corrected as identified during future periods.

Terminal Degree

Includes all doctoral degrees and some master's degrees where the master's is the terminal degree for the position.

F.T.E. FORMULAS

F.T.E. Student

Total undergraduate credit hours divided by 15 (full-time load for undergraduate students) plus total graduate hours divided by 9 (full-time load for graduate students). These two numbers added together result in the F.T.E. student count. This method has been used since Fall 1986.

F.T.E. Staff

Part-time staff are converted to a full-time equivalent by dividing the number of hours worked annually by 2,080. For example, a staff member who works 20 hours a week for 52 weeks a year works 1,040 hours divided by 2,080 = 0.500 F.T.E. A staff member who works 40 hours a week for 9 months a year works 1,560 hours divided by 2,080 = 0.750 F.T.E.

F.T.E. Faculty

F.T.E.'s for part-time faculty are computed as follows: 12 hours = 1.000 except in Physical Education (7 hours = 1.000) and Performance Music where 18 hours = 1.000.

Full-Time Equivalent Student-to-Faculty Ratio

Credit Hours taken from the Credit Hour Report as of the twelfth class day.
F.T.E. faculty taken from the F.T.E. Instructional Faculty Report, F.T.E. Student formula calculated using method described above.
